Sold Some Machinery.

Leake & Wilson with the assistance of State Salesman have been selling their share of Rumely goods this season. They sold a 20 h. p. Garr-Scott engine and Rumely separator to Dave and John Gosney and Will Engle; a Rumely separator to Howard Tuler; a Rumely separator to James Bannister; a Rumely rig, engine and separator to J. E. Floyd; an Advance engine to Ott Zeiger; a Rumely engine and Advance separator to C. W. West; an engine to Lum Huff. The total amount of these sales exceeded \$10,000. The boys have reason to be proud of their 1914 business and further it indicates that the wheat and oat crop this year must be good in this vicinity.

Entertained.

H. W. Garlington and wife entertained a number of his friends at 12 o'clock dinner Sunday at the home of Mrs. Elsie Miles. The guests were Messrs. Bussett and Ballou of Paris, Mr. Hage, president of the Hage Engineering Co., of St. Louis and Roy and James McFarland of this city.

A very pleasant social time and a delicious dinner were very much enjoyed by the guests.

Mr. and Mrs. Garlington left the next day for St. Louis and will go from there to Vastus, Mo., where he will install an ice plant.

Mr. and Mrs. Garlington have been with us for two months while he installed the McFarland ice plant. They are very pleasant people and will be missed by the many friends they made in their stay with us.

Wheat Burned.

The Burlington set fire to the wheat field of William Elliott on John Kendrick's land about 4 miles east of this city, Friday. It burned over 20 acres. The wheat was in the shock and it is thought would make over 30 bushels per acre.

Public Speaking.

Hon. William H. Wallace a candidate for the Democratic nomination for U. S. Senator will speak at 8 o'clock tomorrow, Friday, evening. Everybody is invited to hear him.

J. F. Rodgers of Harlingen, Texas, is with his many friends here. No man ever left more friends here than did J. F. Rodgers. He deservedly popular.

Want Better Train Service

Citizens of Paris and other towns along the Katy do not like the present train service on the M. K. & T. The matter has been taken up with the State Utilities Commission and Judge Kennish, one member of the board will give a hearing at Paris commencing at 9 o'clock tomorrow, Friday, morning. The Paris Commercial Club is working hard to get better service. Thursday, A. R. Blakey, J. K. Greer, Glendi Blakey and J. P. Boyd were here talking to our citizens regarding the matter. As it now is it is very inconvenient to go to Paris, the County seat, and get back without waiting until nearly midnight. The people all along the line feel that the business given the Katy justifies better train service, and the Katy people say that they cannot give better service for the business received. Both sides will present their sides before Judge Kennish and the matter will be taken under advisement by the Utilities Commission. It is desired that all interested go up and have their say.

Colins-Burditt.

Sunday evening at 7 o'clock, Mrs. Cornelia Collins and Thomas L. Burditt were united in marriage by Rev. John H. Hubbard at the Methodist parsonage. Miss Dollie Owen, Grant See, and H. B. Sparks and wife were present at the ceremony. The bride formerly lived a mile north of this city and is well and favorably known.

The groom is a prosperous farmer near Hunnewell. He has his farms rented for the season, so they will reside in this city until spring.

The Democrat joins the host of friends in wishing them a happy future.

One and One.

Monroe ball team went to Louisiana Sunday and played a double header. The first game was 8 to 5 in favor of Monroe. The second game was won by Louisiana on a 14 to 3 score.

The Woman.

By Marion Ethel Hamilton.

A woman yearned for Fame and Work and Life; A man's rough world she wanted, and his strife But God was wiser, and He softly smiled, And sent to her, a little, helpless child.

—Harper's Weekly.

Workingmen's Compensation.

Senator R. S. McClintic departed Tuesday for a trip through the Eastern States to examine the working mens compensation laws and ascertain how such laws benefit the residents of the several states. The Committee of which Senator McClintic is a member is composed of Senators B. L. White of Marceline, W. C. Goodson of Macon, W. G. Busby of Carrollton, A. C. Phillips of St. Louis, and R. S. McClintic of this city. They will examine the laws of Ohio, New Jersey, New York, Massachusetts. It is a splendid committee and they will get some information which will benefit Missouri.

Help Yourself!

A man died in a Chicago hospital the other day. He had been operated upon and the operation was successful. Everything was going fine when the man himself quit—quit fighting—quit caring, and he died. And all the doctors and nurses and all the king's men could do nothing for him, for he would do nothing for himself.

A city man joined an expensive club but never went near it. The privileges were there for him. All he had to do was to come and take them.

Books—libraries of books are at the disposal of those who will use them. Opportunities are waiting for the men who will grasp them.

The Almighty Himself helps him who helps himself!

Go out and win. "It's yours if you will take it."—LaSalle Extension Magazine.

Silage for Hens.

Silage, warmed with boiling water when necessary, is a good green feed for the fowls. No other green stuff need be provided. Then skim-milk in abundance is a cheap substitute for beef scraps. The most important thing is the scratching floor, on which the hens can hunt for their corn, oats and wheat, warming their feet, increasing their circulation and keeping the flesh down to the point where they can lay an egg now and then. A wet mash and oystershells make up what appears to be a ration well enough balanced to cause 60 per cent of the hens to lay through the winter.—Colman's Rural World.

Greenwell-Bonta.

Miss Lala Greenwell and Isaac Bonta, both of near Lakenan, were married Monday afternoon by Rev. Fr. Ryan. The bride is the sister of Mrs. Ed Abell.

The happy young couple departed Monday on the Wabash for Morrisville where the groom has bought a telephone exchange and will make that city their home. The Democrat joins the many friends in wishing them a long happy married life.

Sunday was the opening day at Spalding Springs. A fairly good crowd was present at this popular resort on the occasion.

The groom is the son of Mr. and Mrs. Neale Jackson. Both young people are well known and popular in this community, having attended and graduated from the Monroe High School.

They will be at home to their friends on a farm west of this city.

Does Things

Representative James P. Boyd has been in this city part of the week. Boyd was one of the best representatives in the last legislature. He is a man who has the ability to do things for his constituents and he labors hard to do something. His record is one of which any man might be justly proud. He has done things good for Monroe County, for Missouri. His votes are all on record and so far as we have been able to learn have all been in the interest of the people. He stands high in the estimation of his co-workers and his re-election as Representative means that Monroe County will furnish the next Speaker and he will be one of which Monroe County will be proud.

Mrs. J. W. Gough of Lakenan, spent part of the week with Monroe relatives.
